

falcon 2000

As you step into the luxurious Falcon 2000, pause for a moment in the roomy galley: note its elegant and generously equipped amenities ready to prepare the perfect meal. Entering the spacious forward cabin with 4 glove soft captain's style chairs with plenty of legroom and workspace. You then stroll down the 6.2" tall aisle with state of the art entertainment and communications equipment. You've now arrived in the large aft cabin where 6 passengers can comfortable enjoy the perfect meal or conduct a meeting while seated in conference area. This is an aircraft that is designed to whisk up to 10 people and their baggage across continents and oceans in comfort and style.
