

NovaJet Announces the new Hawker 800 is now available for charter.

Toronto, Ontario.—September 15, 2011 – NovaJet, an executive jet charter service that flies out of Toronto, today announced its recent purchase the Hawker 800 executive jet is now available for charter.

Astounding range and unparalleled cabin comfort are just a few design characteristics that exemplify the Hawker 800. This ability to fly further in a state of the art cabin enables the Hawker 800 to overpower the competition. The 800 offers passengers one of the most relaxing cabin environments ever designed and elevates comfort to a whole new level. This remarkable corporate aircraft will enable your team to gain valuable time by spending less time *getting* there and more time *being* there.

NovaJet is offering all clients an aggressive introductory charter rate of \$4,000.00 per air hour. Call today to be one of the first to experience this remarkable executive jet.

About NovaJet

NovaJet began private aircraft charter and aircraft management in October of 2006. With multiple aircraft based out of the Landmark FBO facility at Toronto's Pearson International Airport, NovaJet provides executive aircraft charter and aircraft management services. NovaJet's latest acquisition will provide private jet service to virtually any destination according to the individual schedule of its clients.
